NOVIS Kalterersee

NOVIS South Tyrolean Lago di Caldaro Classico Superiore DOC
Autochthonous vine

WINE GROWING AREA

The picturesque municipality of Caldaro, above the famous lake, are the setting for the pergola and guyot trained Vernatsch/Schiava grapes. At an altitude of 300- 450 Warm, sandy, gravel and morainic soils, provide the perfect growing conditions for these grapes.

HARVEST AND YIELD

Harvesting of the Vernatsch/Schiava grapes takes place at the ideal stage of maturity in late September to mid-October. From the handpicked and selected grapes, a yield of 65 hectoliters of wine per hectare is produced.

VINIFICATION

The Vernatsch/Schiava grapes are gently crushed and destemmed and then fermented at a constant temperature. The wine is subsequently added in large wooden barrels.

WINE DESCRIPTION

Ruby in color with purple hues, the aroma reminds of mature cherries, almonds and viola. On the palate the wine is structured and elegant, fruity with a fresh note and well-balanced.

RECCOMENDATION

The NOVIS Kalterersee is an excellent accompaniment to the traditional South Tyrolean and light dishes, meat, grilled fish and is also a great drop to share with good company.

» NOVIS - The new antique «

Always associated with the lake Caldaro, however, is uncovered with the courage to innovate. The wine obtained from native schiava grapes and is perfect for every occasion.
